

# STELLARXPLORERS

## SPACE STEM PROGRAM

A STEM program of the  
Air & Space Forces Association

StellarXplorers is a STEM program of the Air & Space Forces Association, created to introduce and inspire high school and middle school students toward careers in aerospace, aviation, and other science, technology, engineering, and math disciplines critical to our nation's future.

The program features the StellarXplorers National Space Design Competition, an online competition that challenges teams of students (grades 6-12) to solve orbit planning, satellite design, and launch vehicle selection scenarios presented in a series of online rounds. The program also has summer StellarCamps for 6-12 grade students with an interest in understanding space design.

## SPONSORSHIP OPPORTUNITIES

A StellarXplorers sponsorship offers a unique opportunity to grow your future workforce and be part of an elite cadre of companies that are supporting the push to improve STEM education for our nation's youth. StellarXplorers serves as a pipeline for talented individuals who are interested in your business, and you'll be positioned to communicate with thousands of bright students and volunteers on the importance and value of your firm.

Silver (\$25K+)	Gold (\$50K+)	Diamond (\$200K+)
