Memorandum For StellarXplorers VIII

Date: 24 August 2021

From: StellarXplorers Program Staff

Subject: Instructions for Accessing Textbooks During STLX VIII

Summary:

Each team will have access to one textbook each for the STLX VIII season. **Once a team director is verified**, team directors may receive the login information for textbooks. In the past, team directors could receive a personal, permanent license to the *Understanding Space* textbook. Our policy for STLX VIII is that each team receives their own textbook that is loaned by the StellarXplorers Program Office for the competition season.

Important notes. When logging into the textbook access website (<https://www.inkling.com/read/>), only one device may be logged in at a time. If another device is logged in, then the website will give an error. Our recommendation is that students log out of the textbook every time to prevent the error from occurring.

Instructions:

Here are the steps for accessing the *Understanding Space* textbook:

1. Receive login information from competition@stellarxplorers.org that contains a unique username and password to each team.
 - **Username example:** stlx123@afa.org
 - **Password example:** StlxSamplePass321
2. Open <https://www.inkling.com/read/>, and you will see a pop-up (pictured to the right) →
3. Select “Log In”. The screen below will display.

Log In

LOG IN WITH FACEBOOK

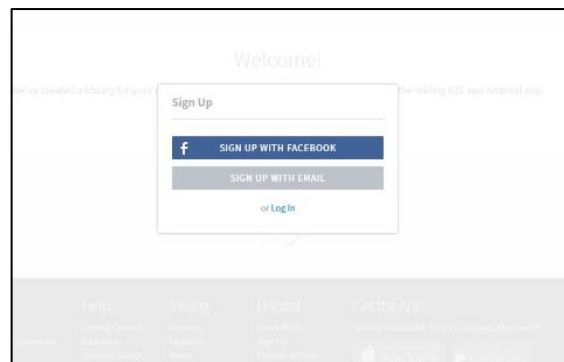

OR

Email address

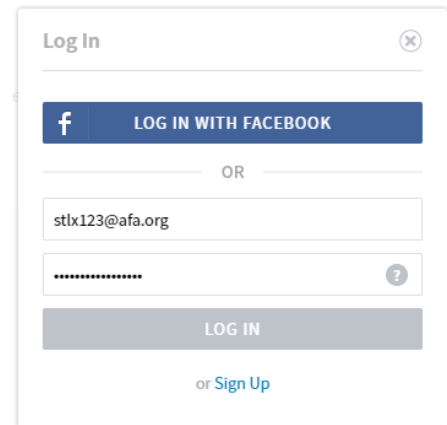

Password

LOG IN

or Sign Up

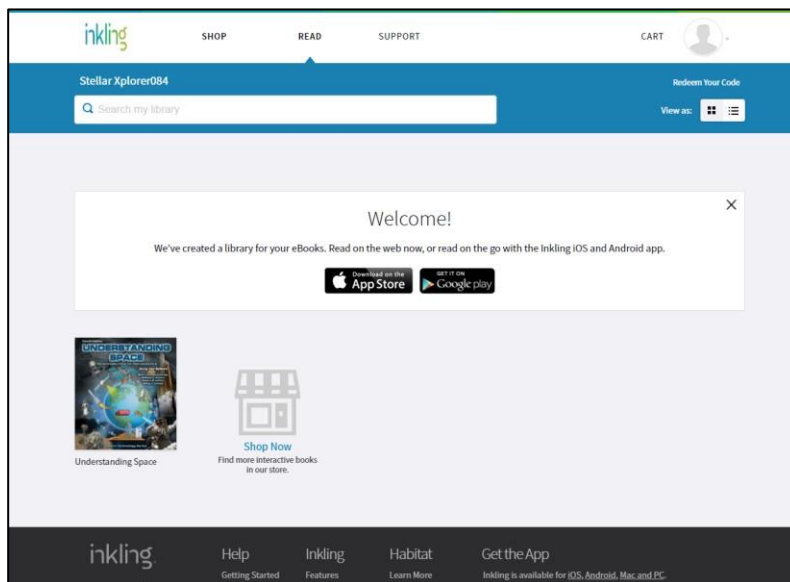

4. Type the assigned email address and password in the Log In section.

The screenshot shows a 'Log In' form with a close button (X) in the top right corner. Below the title is a blue button with the Facebook logo and the text 'LOG IN WITH FACEBOOK'. Underneath is the word 'OR' centered. There are two input fields: the first contains the email address 'stlx123@afa.org', and the second is a password field with a question mark icon on the right. Below the password field is a grey 'LOG IN' button, and at the bottom is a link that says 'or Sign Up'.

5. Upon successful login, you will see the screen below.

6. Click on the Understanding Space textbook, and you will see the textbook displayed. Now your team may begin preparing for the academic portion of the StellarXplorers National Space Design Competition! Good luck!

If you have any questions or difficulties accessing the textbook, please reach out to our team at competition@stellaxplorers.org
